Corona Protective Measures Hotel Glockenhof Zurich

Your safety is our highest priority. Therefore, in addition to the complete compliance with all predetermined protection measures, we have developed a comprehensive security concept.

General
- Hand disinfection dispensers for your own use are located at the central entrance and throughout the house.
- With floor markings we avoid that the different visitor groups get mixed.
- Signs regarding guest hygiene are clearly displayed in the lobby.
- At check-in, hotel guests show their Corona certificate and ID card. After the verification all guest receive a sticker on the key card to make sure they do not have to show the certificate within the hotel at all times.

Cleaning and hotel rooms
- The highest priority is cleaning and disinfection. All cleaning standards are strictly observed. Hotspots in our public spaces are also disinfected at intervals.
- In the guest rooms, we avoid using multiple touched objects. These will get disinfected or replaced during cleaning.

Hotel safety precautions
- Masks are mandatory in all public areas:
  Hotel lobby, corridors, toilets, when standing up in the restaurant.
- At the reception desk, additional protection is provided for guests and staff thanks to the plexiglass. However, masks are still mandatory.

Restaurant Glogge Egge, Conrad and Garden
- Guests may only sit in the restaurants with a Corona certificate and a valid official ID.
- All cleaning standards will be strictly adhered to. Hotspots are additionally disinfected.
- The kitchen and service hygiene standards are strictly controlled and monitored. Internally and periodically from an external laboratory
-

Breakfast
- We offer a fresh, regional breakfast. Hotel guests with Corona certificate can sit in the restaurant and help themselves to the buffet. Hotel guests without Corona certificate are not allowed to enter the restaurant and have to order breakfast to the room.

Seminar
- Events may only be held if all the participants are in possession of a Corona certificate and a valid ID.
