

# GLOCKENHOF. GET NATURAL.

## Sleeping under the stars – the highlight of summer 2017

This summer, for the very first time, the Hotel Glockenhof offers you the opportunity to experience a unique night in the nature. Sleeping under the stars in a wooden barrel! Based on traditional wine barrels, this spacious sleeping barrel in the leafy hotel courtyard has been cosily furnished with a loving eye for detail. You will fall asleep in midst our hidden oasis and wake up with the sun shining through your window and the birds sitting on your terrace. And all that right in the city centre, next to the famous Bahnhof Street.

On top you can still enjoy the familiar 4\* superior services that the Glockenhof is widely known for. In addition to the sleeping barrel you will also get a luxurious style room in the main hotel building. A generous breakfast, made with high quality ingredients, will also await you.
